

A Company Assists Local Buddhists

Khanh Duong Vietnam. A Company, 70th Engineer Battalion participated in the Revolutionary Development Support Program recently by assisting the local Buddhists in their proposed building project. A D 7 E dozer and operator were dispatched to their location where they cleared and leveled approximately 1000 sq yds of land around the present pagoda so that the people can start their expansion project. Company A is always willing to help the local people with any worthwhile project such as this.
